

VIETNAMESE AFFAIRS STAFF
OFFICE OF THE DIRECTOR OF CENTRAL INTELLIGENCE

DATE: 4 Aug 72

TO: The Director

FROM: GACarver, Jr.

SUBJECT:

REMARKS:

1. The difficulties generated by the problem outlined in the attached memorandum have become a trifle sharper. At 0855 this morning (4 August) [redacted] called to say that Kissinger wanted his memorandum by noon today. I briefly explained to [redacted] what the problem was. Tom understood it completely but said that nonetheless, Kissinger wanted the memo by noon.

2. If you so desire, the attached version can of course be xeroxed and is legible. As explained in my covering note it is not -- repeat not -- a coordinated Agency product. Indeed, in its present form it is a document to which ONE takes strong and OCI, violent objection.
